MONO COUNTY COVID-19 TESTING UPDATE

OptumServe and Mono County Public Health each provide COVID-19 testing in Mono County.

OptumServe offers testing on Tuesdays, Wednesdays, Fridays, and Saturdays from 11am – 7pm at the Mammoth Lakes Foundation (100 College Parkway).

Mono County Public Health offers testing on Wednesdays from 12pm - 2pm at the following locations:

- 6/23 Chalfant Community Center: 123 Valley Road, Chalfant Valley
- 6/30 Lee Vining Community Center: 296 Mattly Avenue, Lee Vining

All testing is open to the public, regardless of insurance. Appointments are preferred, but walk-ins are welcome.

OptumServe Pre-Registration: <https://lhi.care/covidtesting>

Testing Details: <https://coronavirus.monocounty.ca.gov/pages/health>

For questions regarding test results, please call the Mono County Health Department at (760) 924-1830, and leave a detailed message with your name, the reason for your call, and a contact phone number. You will receive a call back when your results come back from the outside lab, usually within 3 to 5 days.

PROTECT YOURSELF AND YOUR LOVED ONES – GET VACCINATED TODAY!

Mono County is now hosting walk-in COVID-19 (Coronavirus) vaccination clinics for ALL individuals aged 12 and older. We are experiencing significant strides in our fight against COVID-19 in Mono County. We need your help to maintain the momentum, and advance within the State's reopening plan. Join us today by getting vaccinated!

COVID-19 Vaccine Facts

- The vaccine is safe and effective.
- The vaccine CANNOT give you COVID-19.
- Having flu-like symptom side effects for a day or two after receiving the vaccine is normal and means the vaccine is working.
- The vaccine is FREE, and insurance and immigration status DO NOT MATTER.
- The vaccine does NOT change your DNA.
- Some people who are fully vaccinated against COVID-19 MAY still get sick – however, data from clinical studies suggests that when this happens the vaccination might help keep you from getting seriously ill.

What Vaccinated Individuals Can Do

- Gather outdoors and conduct outdoor activities without wearing a mask.
- Gather indoors with fully vaccinated people without wearing a mask or staying six feet apart.
- Gather indoors with unvaccinated people of any age from one other household without masks or staying six feet apart.
- Domestic travel without getting tested or self-quarantining.

Mono County Public Health is hosting the following walk-in vaccine clinics over the next several weeks (appointments not required):

WALK-IN MONO COUNTY VACCINATION CLINICS

DATE	TIME	LOCATION
June 25	2-4:00 pm	Mammoth High School, 365 Sierra Park Rd.

CALIFORNIA MOVES “BEYOND THE BLUEPRINT” - WHAT THIS REOPENING MEANS FOR MONO COUNTY

June 15, 2021 – Effective June 15, 2021, California will fully reopen with capacity and distancing restrictions lifted for most businesses and activities (with limited exceptions for mega-events) based upon a number of general public health recommendations. The state will officially move “Beyond the Blueprint for a Safer Economy” by lifting the California Department of Public Health (CDPH) Blueprint Activity and Business Tiers chart introduced on August 28, 2020, as well as the Regional Stay-At-Home Order introduced early in the pandemic.

According to CDPH, “everyday life will feel a lot like before COVID-19. Restaurants, shopping malls, movie theaters, and most everyday places will be open as normal with no capacity limits or social distancing required.”

“Mono County Public Health will continue to follow state direction related to COVID-19 response,” stated Bryan Wheeler, Director of Mono County Public Health. “We encourage everyone to continue practicing a common-sense approach to proper hygiene and management of illness as we move into this new phase of the pandemic.” [Read more...](#)

FINAL NEWSLETTER

Thank you for subscribing to the Mono County COVID Newsletter. Given the State’s effort to move “Beyond the Blueprint,” this will be the last edition of the Newsletter. Current information on COVID-19 and its local impacts and response will continue to be posted on Mono County’s Public Health webpage, accessed here: <https://monohealth.com/public-health>. The Newsletter email distribution list will be used to send out any future COVID-related messaging in order to help keep people informed. Should you wish to subscribe or unsubscribe from this list, you may do so here: <https://www.townofmammothlakes.ca.gov/list.aspx>. In addition, we will relaunch the Newsletter should COVID-19 conditions regress locally. Thank you for your support!
