**December 5, 2020**

This order provides an update on the status of the State of California’s Stay-At-Home order (Executive Order N-33-20, March 19, 2020), which remains in effect, and supersedes the Town of Mammoth Lakes’ Lodging Order of November 17, 2020, to the extent that this Order is more restrictive. The purpose of this order is to provide additional guidance regarding lodging facilities within the Town of Mammoth Lakes and unincorporated Mono County upon the County becoming subject to the State Department of Public Health’s Regional Stay At Home Order issued December 3, 2020.

**WHEREAS**, a state of emergency was declared by the State of California, and local emergencies have been declared in both Mono County and in the Town of Mammoth Lakes, in response to the virus COVID-19; and

**WHEREAS**, in Mono County, as well as throughout California and the nation, there are insufficient quantities of critical healthcare infrastructure, including hospital beds, ventilators and workers, capable of adequately treating mass numbers of patients at a single time – should the virus spread unchecked; and

**WHEREAS**, in response to that lack of healthcare infrastructure, governments across the nation are taking actions to slow the spread of COVID-19 in order to stem the rate of infection and reduce the numbers of individuals infected at any one time by minimizing situations where the virus can spread; and

**WHEREAS**, the State of California has developed the “Blueprint for a Safer Economy”, a risk-based tier system of business, social and worship activity promulgated by the California Department of Public Health/ State Public Health Officer under Health and Safety Code sections § 131080 and § 120140. Under the Blueprint, the level of activity authorized depends upon indicators of COVID-19 infection in a local health jurisdiction (county); and

**WHEREAS**, Mono County, like much of the United States, is experiencing rapidly increasing cases of COVID-19 and on December 2, 2020, was moved into the most restrictive Purple tier (widespread levels of virus transmission) of the state’s Blueprint for a Safer Economy; and

**WHEREAS**, on December 3, 2020, in response to a significant rise in the number of cases and hospitalizations related to COVID-19 across the State, the California State Public Health Officer issued a Regional Stay Home Order, which applies to any region of the State which has an adult ICU bed capacity of less than 15% (the “Regional Order”) (<https://covid19.ca.gov/stay-home-except-for-essential-needs/#regional-stay-home-order>); and

**WHEREAS**, Mono County is within the Southern California Health Officers’ Region (the “Southern Region”) identified by the Regional Order (which includes Mono County, Inyo County, San Bernardino, Riverside, Imperial, Los Angeles, Orange County, City of Pasadena, City of Long Beach, Ventura, San Diego, Santa Barbara and San Luis Obispo County) and with ongoing decreases in ICU capacity to below 15% within the Southern Region, the Regional Order goes into effect for the Southern Region at 23:59 hours on Sunday December 6; and

**WHEREAS**, the Regional Order requires all individuals living in the region to “stay home or at their place as residence except as necessary to conduct activities associated with the operation, maintenance, or usage of critical infrastructure”<sup>1</sup>; and

**WHEREAS**, the Mono County Health Officer wishes to provide guidance to businesses in the lodging sector of Mono County and the Town of Mammoth Lakes, regarding operations under the Regional Order, for the purpose of clarifying the meaning and intent of the Regional Order and reducing ambiguity and confusion for local businesses;

**NOW, THEREFORE**, under the authority of California Health and Safety Code sections 101040, 101085 and 120175 and Title 17 California Code of Regulations, Section 2501, the Mono County Health Officer **HEREBY ORDERS** as follows:
